PROFESSIONAL EXPERIENCE

Ernst and Young LLP (India)   **October 2024 – September 2025**
Senior Analyst

- Monitored and responded to alerts through SIEM tools, engaging directly with clients to resolve issues with zero escalations.
- Resolved security incidents for 7+ enterprise clients daily, ensuring 100% SLA adherence during 12-hour shifts.
- Prepared daily reports summarizing total alerts, raised alerts, and health scores for each client's sensors.
- Initially worked across various teams, now assigned to a standalone project to further develop expertise.
- Promoted to Senior Analyst, effective October 2024

Ernst and Young LLP (India)   **October 2023 – September 2024**
Project Consultant

- Assisted in handling complex security incidents, improving response efficiency for multiple enterprise clients.
- Conducted in-depth investigations and threat analysis using SIEM tools like Splunk, QRadar, and Azure Sentinel.
- Supported business security strategies by implementing proactive threat hunting measures.
- Promoted from Cybersecurity Intern to Project Consultant in October 2023

Ernst and Young LLP (India)   **April 2023 – October 2023**
Cybersecurity Intern

- Monitored and respondedtoalertsreceivedthroughSIEMtools,gaining hands-onexperiencewith various platforms.
- Assisted in a real-world ransomware incident response, collaborating with the Disaster Recovery team to support client recovery efforts.
- Developed a strong foundation in endpoint security, incident handling, and forensic analysis.
